

PULSE

Patient Unified Lookup System for Emergencies™

PULSE Account Setup Quick Start Guide

This guide serves to provide a high-level overview of setting up your User account in PULSE.

Account Set Up

PULSE
Patient Unified Lookup System for Emergencies™

Welcome to PULSE
Patient Unified Lookup System for Emergencies (PULSE) is designed to provide healthcare professionals caring for displaced patients access to their vital health information in the event of a disaster. This health information, and concise health record documents, may be drawn from disparate systems. The disparate systems could include HIEs, Ambulatory Practices, Emergency Medical Service, Agencies, etc.
