NATIONAL NETWORK PARTICIPATION PATHWAY

A secure, encrypted, and HIPAA-compliant pathway to exchange information between EHR platforms nationally.

EHR Vendor	Interoperability product name	National Network Participation Pathway
Allscripts Practice Fusion	Practice Fusion EHR	Carequality
Allscripts Professional	Veradigm EHR	Carequality
AthenaHealth	athenaOne	Carequality, CommonWell
Integris (CPSI)	Evident Thrive EHR TruBridge	CommonWell
eClinicalWorks	eCW EHR supports interoperability	Carequality, CommonWell
eMDS	CGM APRIMA	CommonWell
Epic	Care Everywhere, Share Everywhere & imbedded tools	CareEverywhere, Carequality
Greenway	Intergy	CommonWell
MatrixCare	MatrixCare EHR	CommonWell
Meditech	MEDITECH Traverse	CommonWell
MedHost	MEDHOST EHR	CommonWell
NextGen	NextGen Share	Carequality
Office Practicum	OP Pediatric EHR	KNO2 enabler to Carequality
Oracle (Cerner)	Oracle Health	CommonWell
PCC (Physician's Computer Company)	PCC Pediatric EHR Solutions	Carequality
NonPointClickCare	PointClickCare	Carequality

What information do national networks share? National networks support sharing a variety of useful clinical information, in the form of a consolidated clinical document. Information includes diagnoses, medications, allergies, and lab results.

How can I connect to a national network? Your EHR company can tell you how it connects with national networks.

How do I know what EHRs participate in a national network? The chart on this page lists the interoperability product names for the most common EHRs in Texas.

Additional resources:

Carequality - Interoperability framework

Home - CommonWell Health Alliance (commonwellalliance.org)

Participants - eHealth Exchange (Department of Defense and Veterans Administration Hospitals participate)

Home » DirectTrust Nonprofit, standardized development organizations that oversees Direct Secure Messaging. All certified EHRs have the ability to send Direct Secure Messages.

NATIONAL NETWORK PARTICIPATION PATHWAY

A secure, encrypted, and HIPAA-compliant pathway to exchange information between EHR platforms nationally.

EHR vendors with Electronic Care Reporting (eCR)
AthenaHealth
eClinicalWorks
Epic
Meditech
Medhost
Greenway
Office Practicum
Oracle (Cerner)
TrueBridge (CPSI)

What CMS programs require electronic case reporting?
As of Jan. 1, 2022, **eCR** is required by the Centers for Medicare and Medicaid Services' Promoting Interoperability Program (PIP) for eligible hospitals and critical access hospitals and the Merit-Based Incentive Payment System (MIPS) Promoting Interoperability Performance Category for eligible clinicians.

Where can I learn more about electronic case reporting? "Getting started with eCR" on the CDC website provides information on how to prepare and to implement eCR, including a list of EHR/Health IT products that are ready for general healthcare organization onboarding.

Why do I need a national network to share information for electronic case reporting? This eCR data sharing policy overview offers a helpful summary, including information about the national networks that support this requirement: Healthcare (aimsplatform.org)

For more information about interoperability visit.

TEFCA QHIN Participation by EHR Vendor	
Vendor	**Status**
Allscripts Practice Fusion	MedAllies QHIN Partner
AllScripts Professional	MedAllies QHIN partner
AthenaHealth	Considering QHIN Partner
CPSI (Integris)	CommonWell QHIN Partner
eClinicalWorks	Candidate QHIN
eMDS	CommonWell QHIN Partner
Epic	Epic Nexus QHIN Partner
Greenway	CommonWell QHIN Partner
Matrix	CommonWell QHIN Partner
Meditech	CommonWell QHIN Partner
Medhost	CommonWell QHIN Partner
NextGen	Considering QHIN
Office Practicum	KNO2 QHIN Partner
Oracle (Cerner)	Oracle QHIN
Physicians Computer Company (PCC)	None found
PointClickCare	Proactive embrace TEFCA

Who sets the standards for TEFCA? The Office of the National Coordinator for Health Information Technology (ONC) and the Recognized Coordinating Entity (RCE) govern the Trusted Exchange Framework and Common Agreement (TEFCA). The RCE selects the Qualified Health Information Networks (QHINs), the networks of organizations that share health data. The current coordinating entity is administered by The Sequoia Project: RCE Homepage - ONC TEFCA RCE (sequoiaproject.org)

How do I know what designated QHINs participate in TEFCA or if my EHR is connected? Contact your EHR vendor for details on your service. For additional information about the participation of QHINs visit: Meet the Designated QHINs.

What are the benefits of participating in TEFCA? The Sequoia Project offers this Benefits of Participation summary.
